

A New Spin on **Comfort**

Blending performance, durability,
and elegant design.

About Us

At V-MARC India Limited, we are built on a strong foundation of quality, safety, and innovation. Recognized as one of India's trusted wire and cable manufacturers, we offer a wide range of electrical solutions, including wires and cables, switchgear, switches, and fans. With a presence across 24+ states, our robust distribution network enables us to deliver reliable products to homes, industries, and infrastructure projects across the country.

Our Growth Journey

Since establishing our manufacturing facility in Haridwar in 2006 under the leadership of Mr. Vikas Garg, V-MARC has steadily expanded its product portfolio. The launch of our IPO in 2021 marked a key milestone, reflecting our commitment to growth and excellence.

Innovation at the Core

We are among the few companies in India to adopt E-Beam Technology, enhancing the durability and safety of our cables. Our ULTRA SAFE 150 eB-HFFR wire is designed to withstand extreme conditions, offering superior protection and performance.

Growing Our Range

As part of our growth, V-MARC has expanded beyond wires and cables to offer a complete range of electrical products, including switches, switchgear, and fans—moving towards becoming a comprehensive electrical solutions provider.

Designed for the Comfort of Every Home

Our Fan Range

A wide range of fans designed to meet every need - from everyday performance to premium design and advanced energy efficiency.
